This table uses data from URS/DIG Table 11a.

**State Notes:**

Native Hawaiian or Other Pacific Islander is included in the Other/Unknown category due to very low number of cases. Hispanic is reported separately as an ethnicity. N/A means cases < 30, thus is not reported. # Positive is actual survey count while responses were derived from the percentage computed using weighted survey returns; hence, total may not match the statewide total reported on Table 11.
